Product Specification

Name
Frost Parapet assembly, 45 angle grate, small sump body cast iron 2-way outlet BSP4

Code
33.0414

Body Material
CAST IRON

Body Type
N/A

Grating Material
ALUMINIUM

Flow Rate
Vertical:10.70 l/s
Horizontal:6.57 l/s

Description
Frost Parapet roof drain assembly with 45 deg grate, and small cast-iron sump body with 2-way threaded outlet size 4' BSP.
Parapet outlets are supplied complete with membrane clamp, allowing the grating to be removed for maintenance purposes without disturbing the membrane.
Bodies are reversible to provide a horizontal or vertical outlet for connection to pipework using a threaded pipework adaptor. Often used with downspout nozzles.

Cast iron Grade EN-GJL-150 to BS EN 1561:1997
80-97% recycled materials
100% recyclable

Aluminium LM 6 to BS EN 1599-4:1999

Outlet Type
THREADED

Load Rating
N/A

Threaded Joint Instructions

Apply Low Modulus Silicone to the thread of the pipe spigot & female thread within the roof outlet body. Using a flat spreading utensil, evenly spread the silicone into the threaded grooves. Insert the male into the female thread of the roof outlet body then carefully turn clockwise ensuring the thread is not "cross threading". Once fully tightened clean off excess silicone to both ends of the threaded connection.
