

### Name

Frost Downspout Nozzle horizontal outlet BSP4

### Code

33.0444

### Description

Frost downspout nozzle with threaded outlet BSP4

Cast iron Grade EN-GJL-150 to BS EN 1561:1997  
80%-97% recycled materials  
100% recyclable

### Body Material

CAST IRON

### Body Type

N/A

### Grating Material

N/A

### Flow Rate

N/A

### Outlet Type

THREADED

### Load Rating

N/A

### Threaded Joint Instructions

Apply Low Modulus Silicone to the thread of the pipe spigot & female thread within the roof outlet body. Using a flat spreading utensil, evenly spread the silicone into the threaded grooves. Insert the male into the female thread of the roof outlet body then carefully turn clockwise ensuring the thread is not "cross threading". Once fully tightened clean off excess silicone to both ends of the threaded connection.
