80-97% recycled materials
100% recyclable

Body Material
CAST IRON

Body Type
UNTRAPPED

Grating Material
STAINLESS STEEL

Flow Rate
N/A

Outlet Type
THREADED

Load Rating
L15 To BS EN 1253-1:2015

Threaded Joint Instructions

Apply Low Modulus Silicone to the thread of the pipe spigot & female thread within the roof outlet body. Using a flat spreading utensil, evenly spread the silicone into the threaded grooves. Insert the male into the female thread of the roof outlet body then carefully turn clockwise ensuring the thread is not "cross threading". Once fully tightened clean off excess silicone to both ends of the threaded connection.
